PROFESSIONAL EXPERIENCE

Waypoint Insurance (Navacord Insurance) (Vancouver, British Columbia)

Insurance Agent

June 2024 – Present

- Advise individual and commercial clients on auto insurance coverage options, policy terms, and leasing agreements, ensuring accurate and compliant documentation.
- Began in the role as Auto Leasing Administrator, attending to clients and agents by phone and managing customer leasing documents, before advancing into the Insurance Agent role.
- Sort and file client insurance and leasing documents, maintaining organized, up-to-date digital and physical records.
- Use Microsoft Excel and Word to accurately document client information for record keeping and cloud storage.

African-Canadian Agricultural Producers Cooperative

Member

January 2024 – January 2025

- Active member of the cooperative and participate in growing crops and rearing livestock to benefit the province of British Columbia.
- Engaged government agencies as well as Ministries.

Atira Property Management (Vancouver, British Columbia)

Front Desk Support Worker

January 2022 – February 2024

- Act as a point of contact for tenants, addressing their concerns, inquiries, and requests promptly and professionally.
- Assist tenants in resolving any issues they may encounter with their rental unit, building amenities, or property management services.
- Advocate for tenants' rights and ensure they receive fair treatment and appropriate accommodations from property management.
- Connect tenants with relevant community resources, support services, or agencies to address their needs beyond housing.
- Maintain accurate records of tenant interactions, complaints, maintenance requests, and resolutions for documentation and reporting purposes.

- Provide information and resources to tenants about their rights and responsibilities as renters, as well as any relevant property policies or procedures.

De Charlotte Farms Limited
Administrative Manager

June 2017 – May 2018

- Managed human resource functions such as recruiting, hiring, and onboarding new employees, including employee benefits administration, personnel records, and training and development programs.
- Ensured compliance with relevant regulations and standards governing agricultural operations, such as health and safety regulations, labor laws, environmental regulations, and food safety standards.
- Oversaw the day-to-day operations of the farm office, including managing administrative staff, organizing workflows, and maintaining a clean and organized workspace.
- Oversaw the maintenance and upkeep of farm facilities, including buildings, equipment, and infrastructure, arranging repairs and maintenance as needed to meet health and safety standards.
- Processed payroll transactions and ensured it was error free.
- Prepared monthly balance sheets, income statements, and profit and loss statements.
